Sir:

Our first Request for a Certificate of Correction was denied on January 25, 2008. A response time of four weeks was given. This response is being timely filed on February 6, 2008. The denial stated that U.S. Patent 5,191,098 had not been considered as prior art. This patent was cited by the Examiner on Form PTO-892 and accompanied the Notice of Allowability. Since this prior art was cited by the Examiner, Applicants feel confident that '098 had been considered by the Examiner before he issued the Notice of Allowability.

In accordance with 35 U.S.C. §254, we attach hereto Form PTO/SB/44 and a copy of proof of PTO's error and request that a Certificate of Correction be issued in the above-identified patent. The following error appears in the patent as printed:

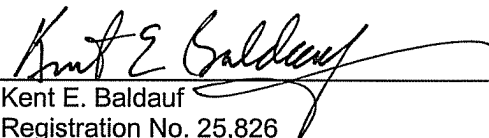

Face of the Patent, See (56) References Cited, U.S.PATENT DOCUMENTS, add the following reference:

-- 5,191,098 A 03/1993 Koenig et al. --
(See Form PTO-892 accompanying the Notice of Allowance and Fee(s) Due, mailed 01/25/2005.)

Respectfully submitted,
